23 February 1978

Dear Vince,

Delighted to get your latest letter and all the details of my trip to Lexington. It looks busy but fun, and I will be glad to meet these various groups and exchange ideas. Unfortunately, Pat has some commitments here for a program of Navy wives' tours of government programs that she is chairman of and will not be able to come along.

All the best, and see you in April.

Yours,

A handwritten signature in dark ink, appearing to be "Stansfield Turner".
